

Security Cat's
ACTIVITY
BOOK
for Kids

Hi, I'm Security Cat and I want you to be safe while surfing the internet. It's easy! I can show you how.

P is for Password

Help Security Cat make strong passwords.

Try using passphrases instead of passwords! A passphrase is a sentence that's easy for you to remember but hard for others to guess.

Increase password strength by using a mix of letters, numbers, and symbols. As long as you can remember it!

Practice writing strong passwords in the boxes below! Here's an example: SecurityCatLovesFish

Password 1:

Password 2:

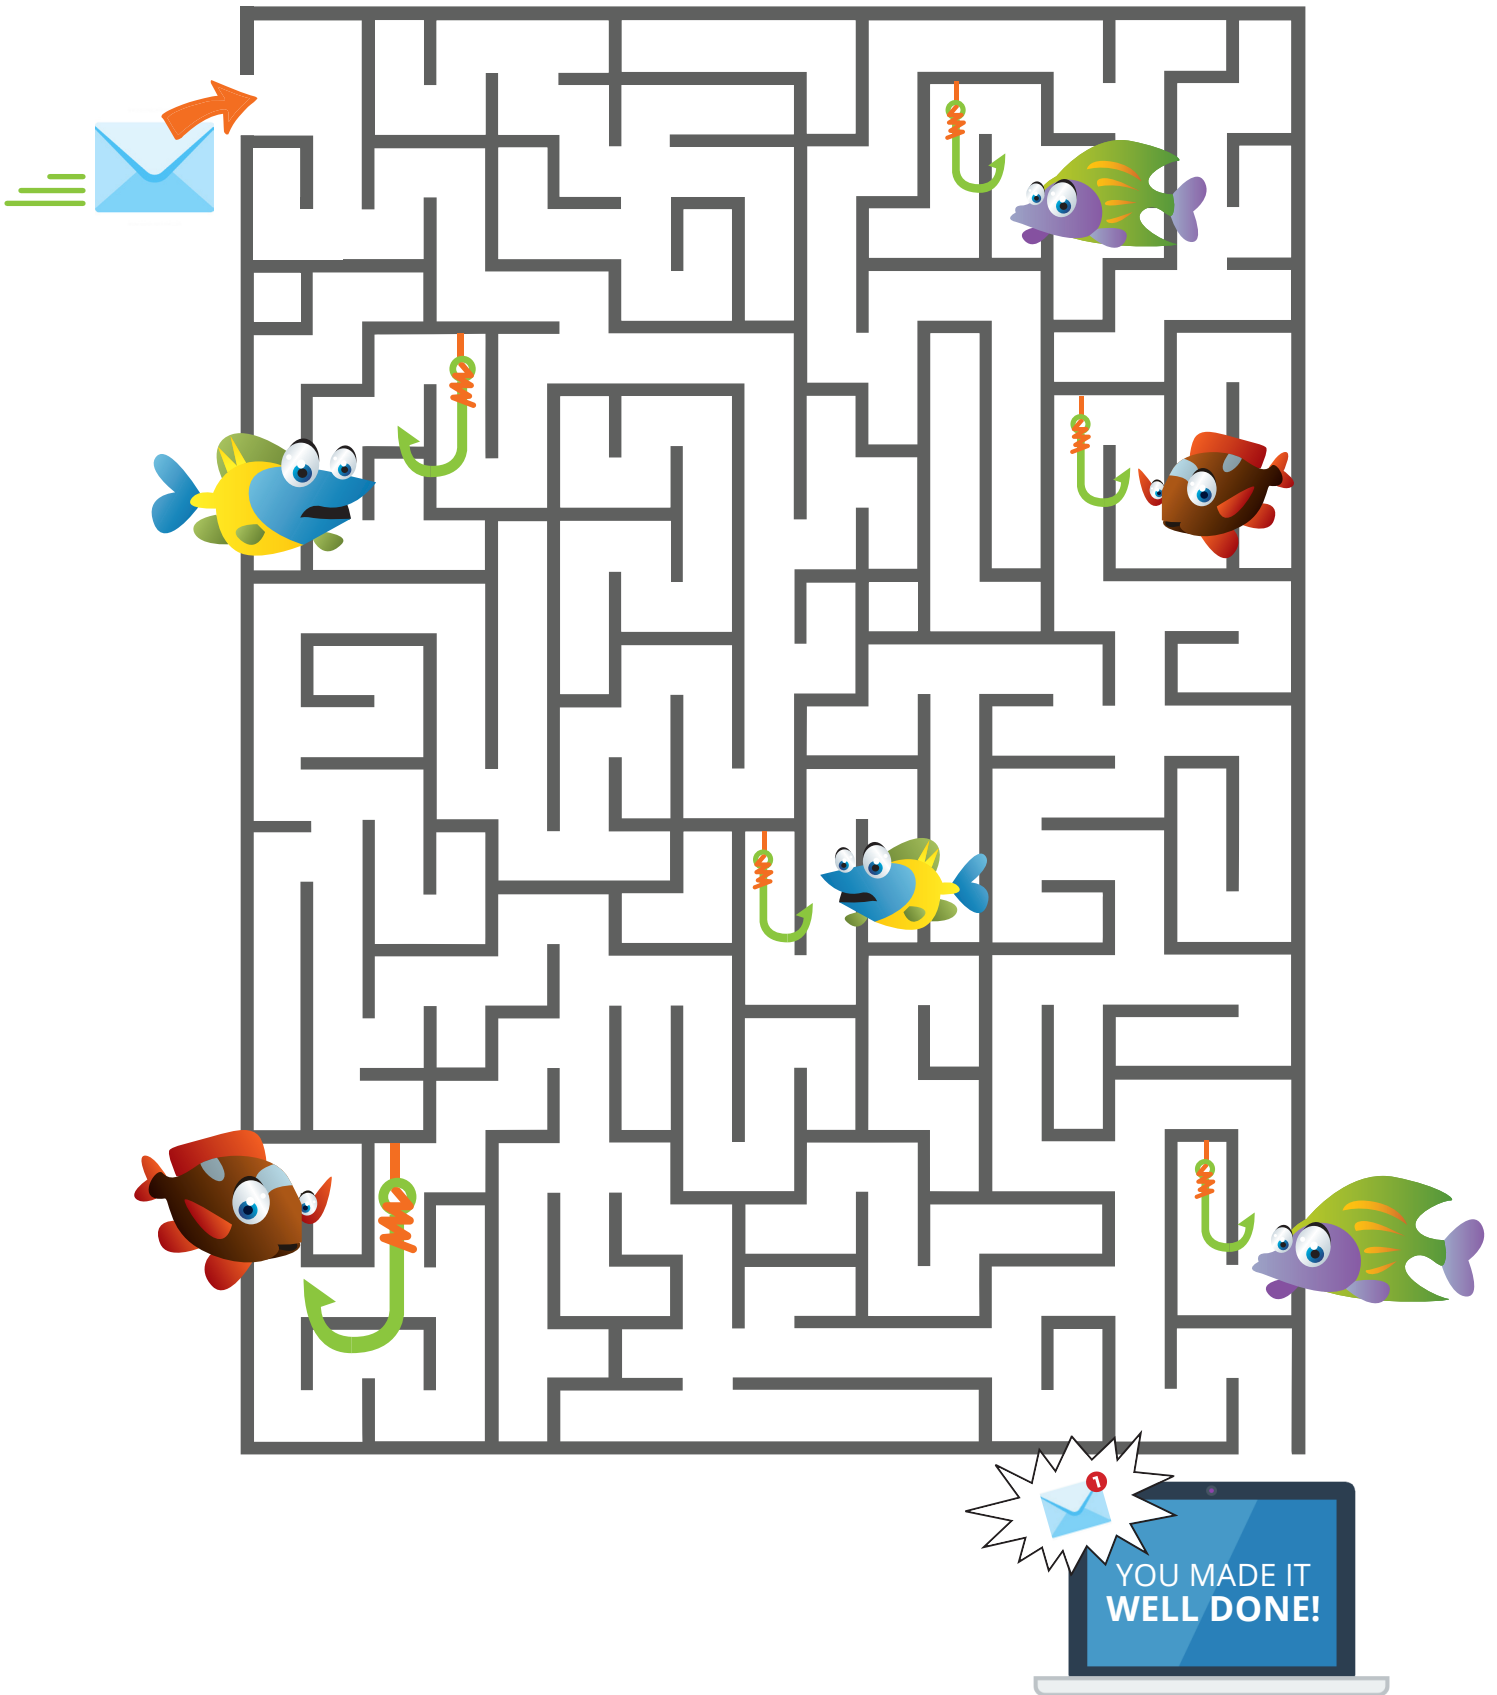

Password 3:

Password 4:

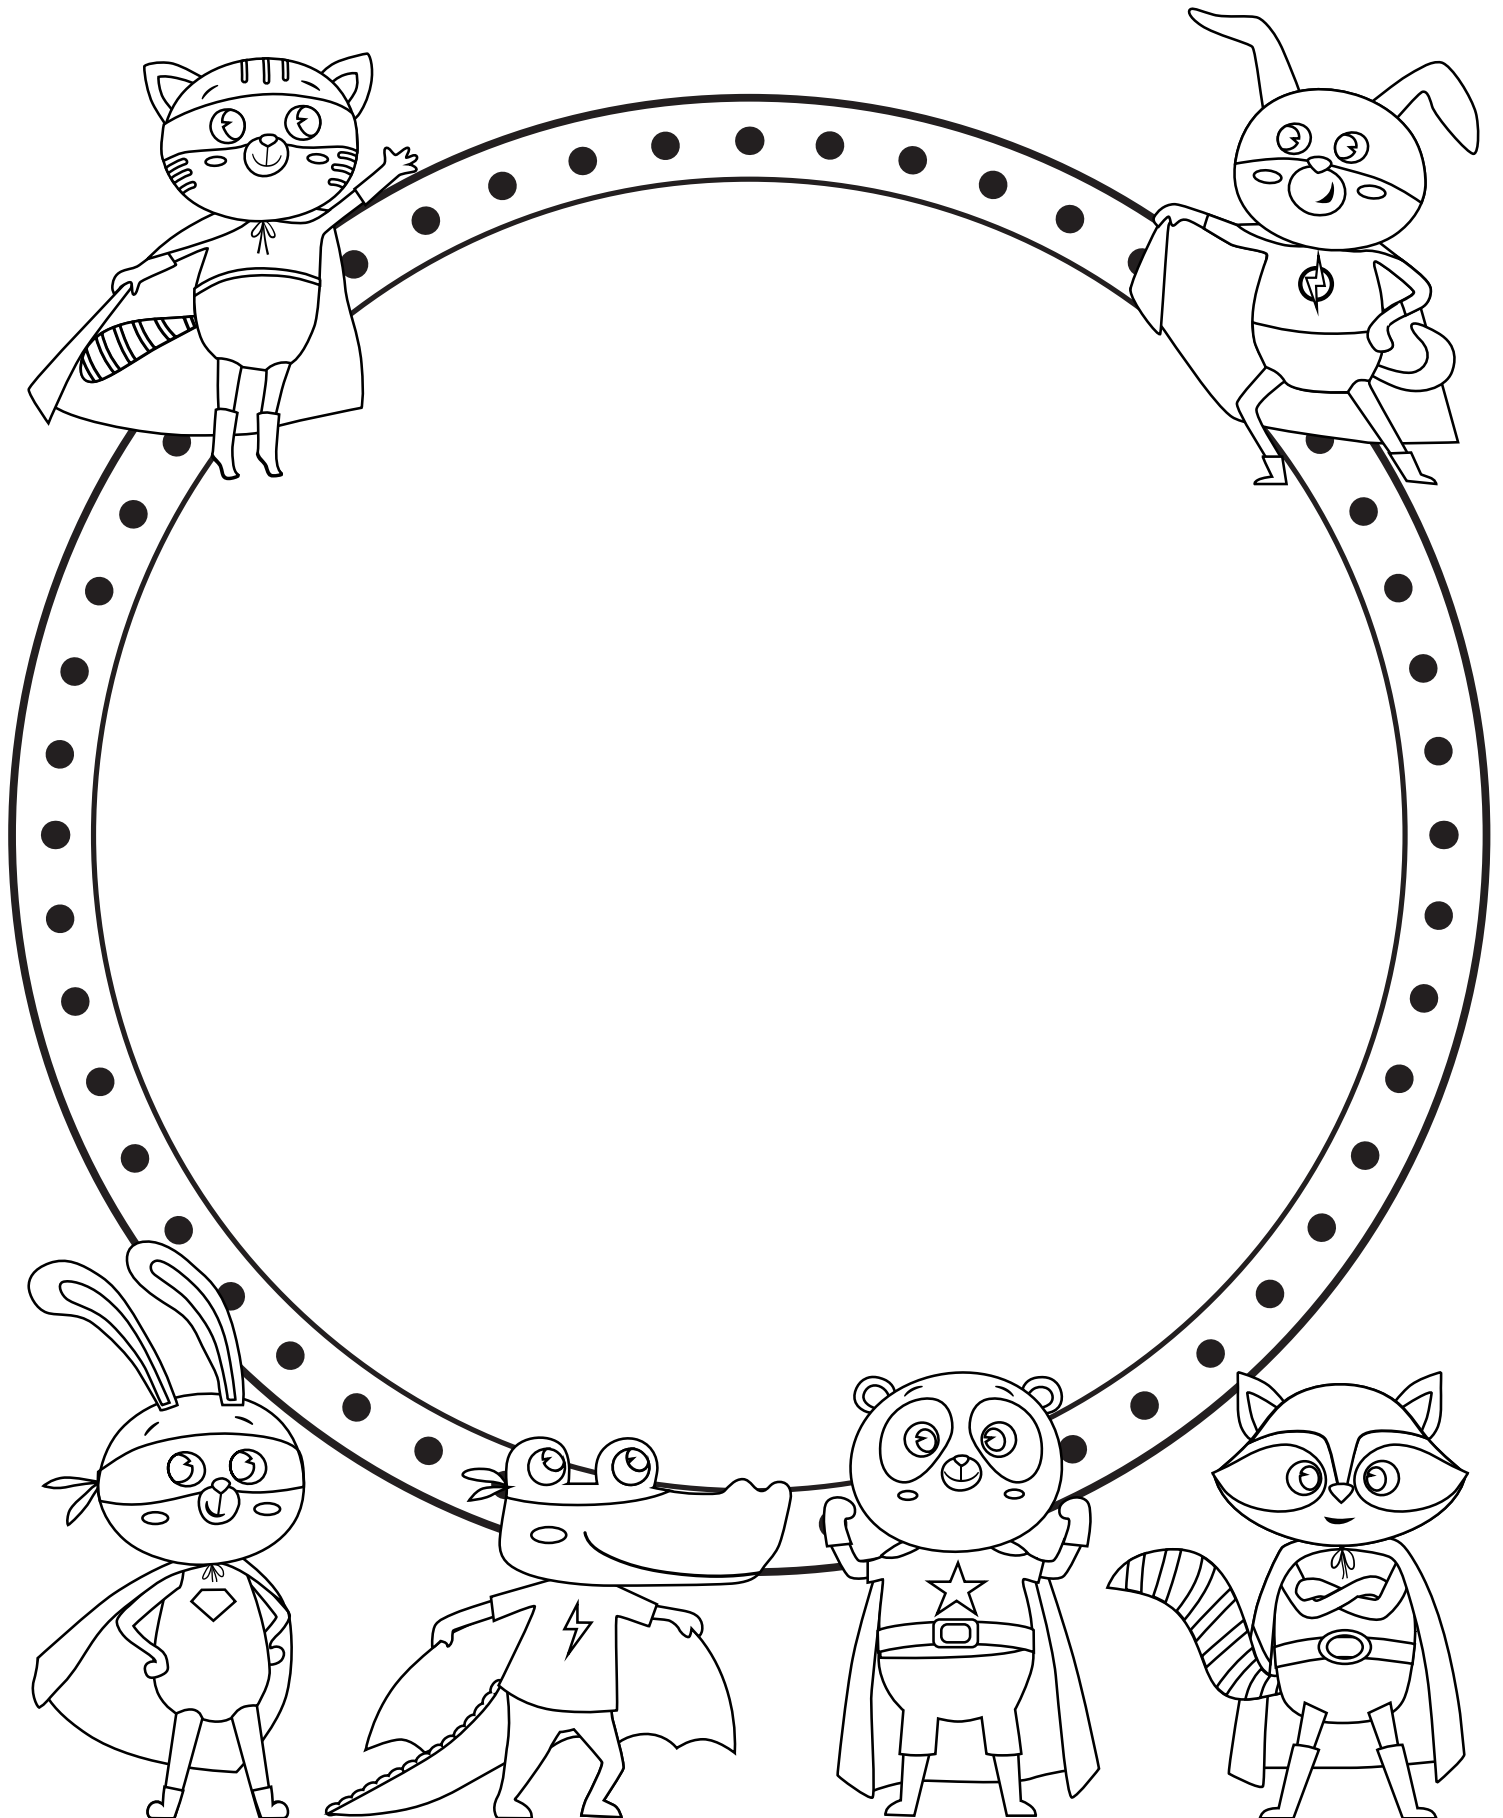

Password 5:

The Cyber Maze

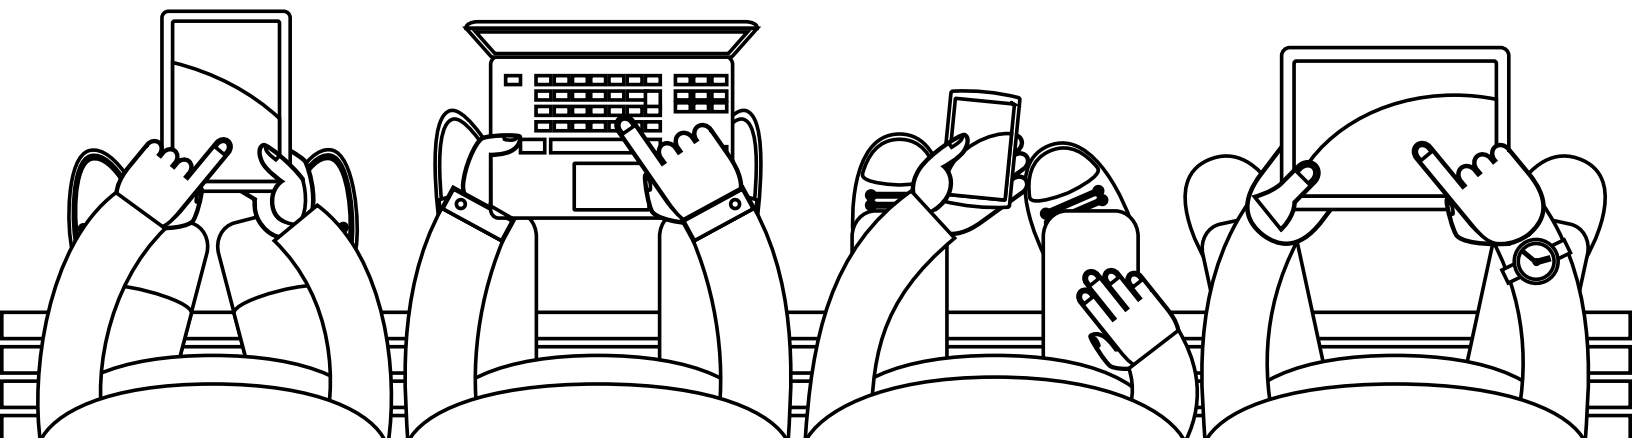

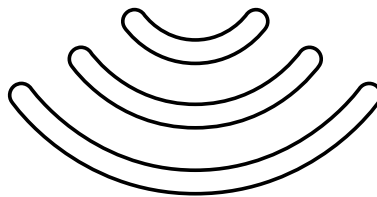

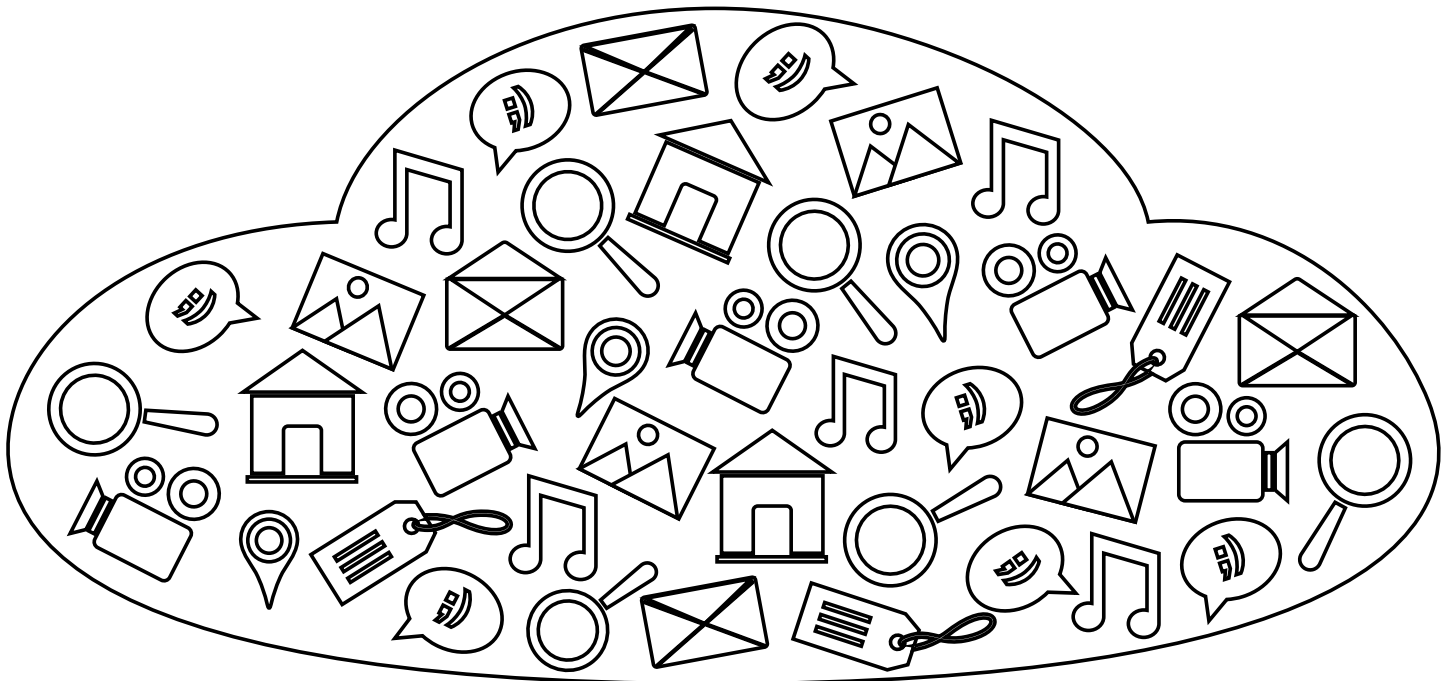

Help the email reach the computer. Be careful of the phish!

Draw yourself as an Online Safety Superhero!

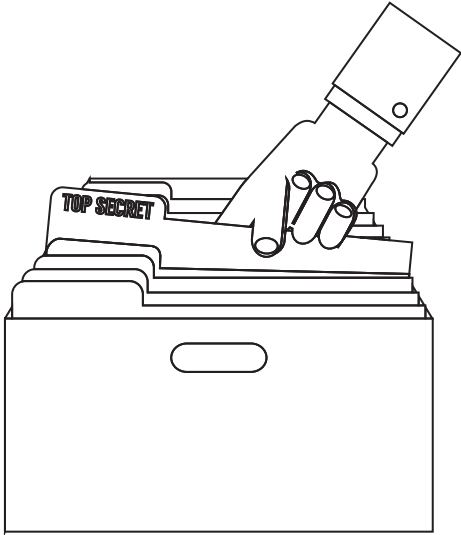

is for Internet of Things

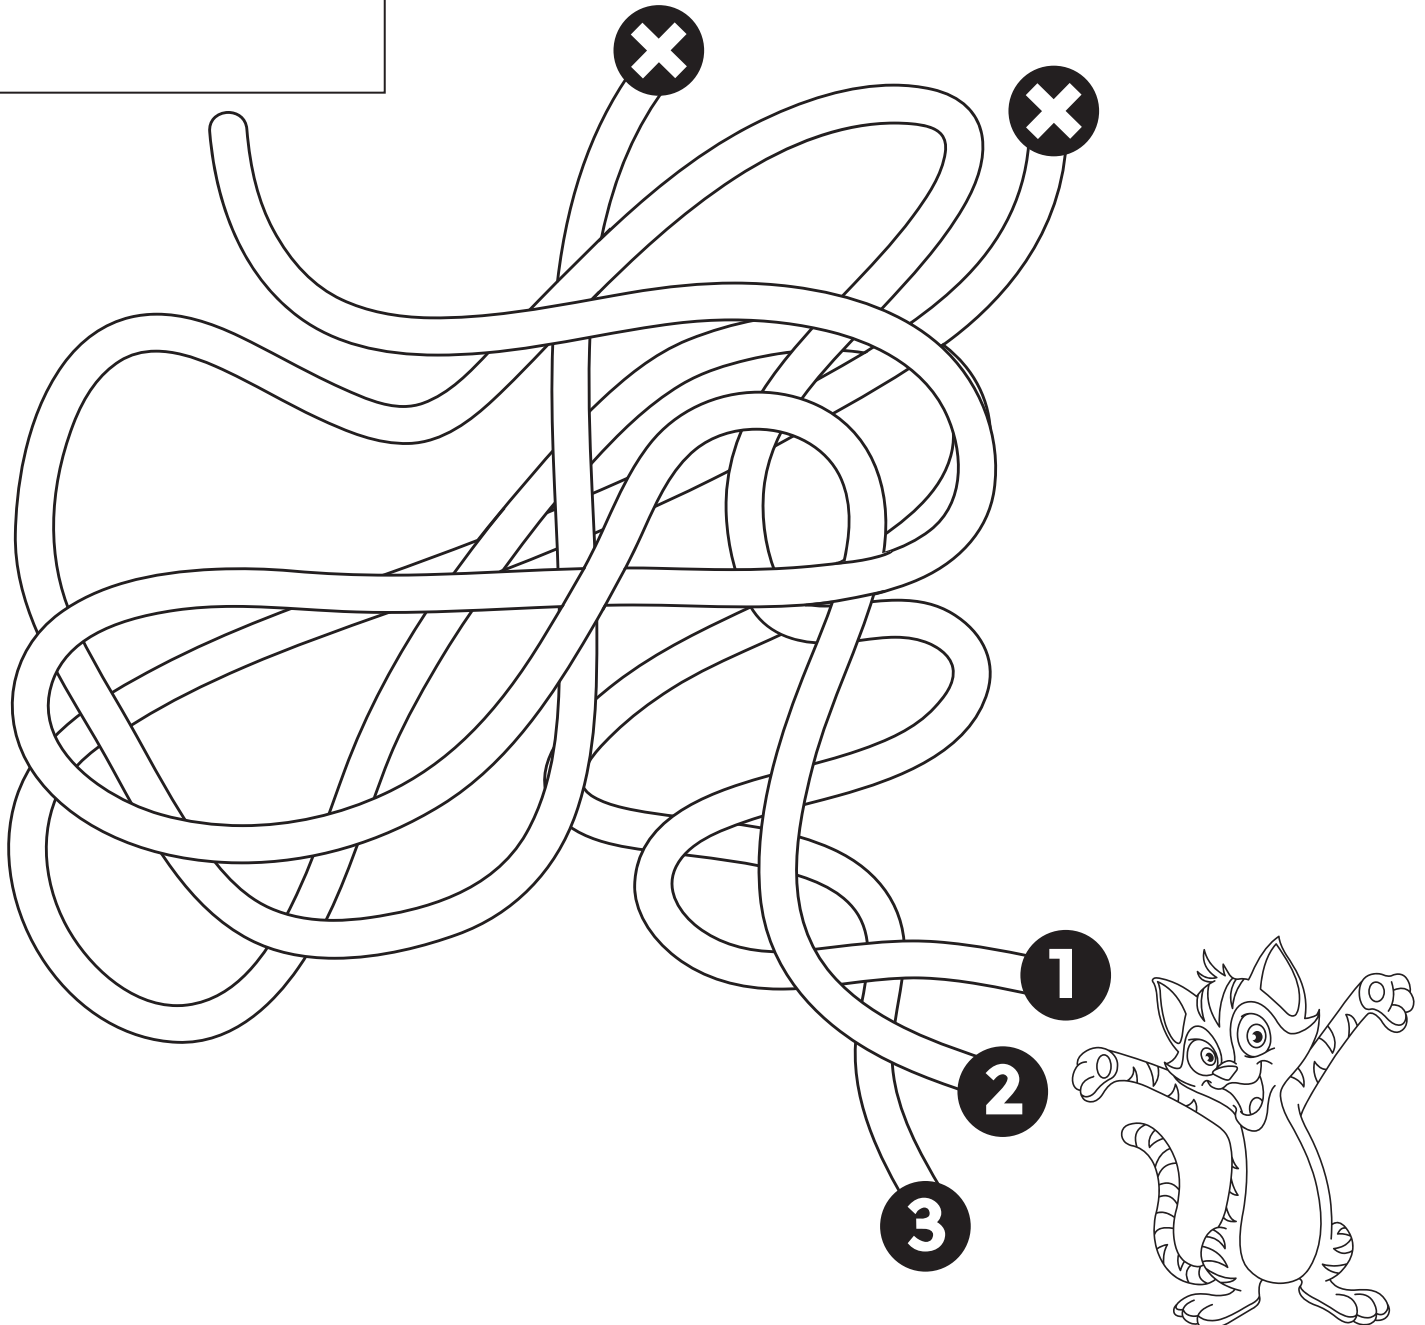

*Security Cat knows how to use devices safely.
Do you?*

Tangle Maze

Help Security Cat find his way to the Top Secret files! Remember that keeping secrets a secret is a very important part of security.

C

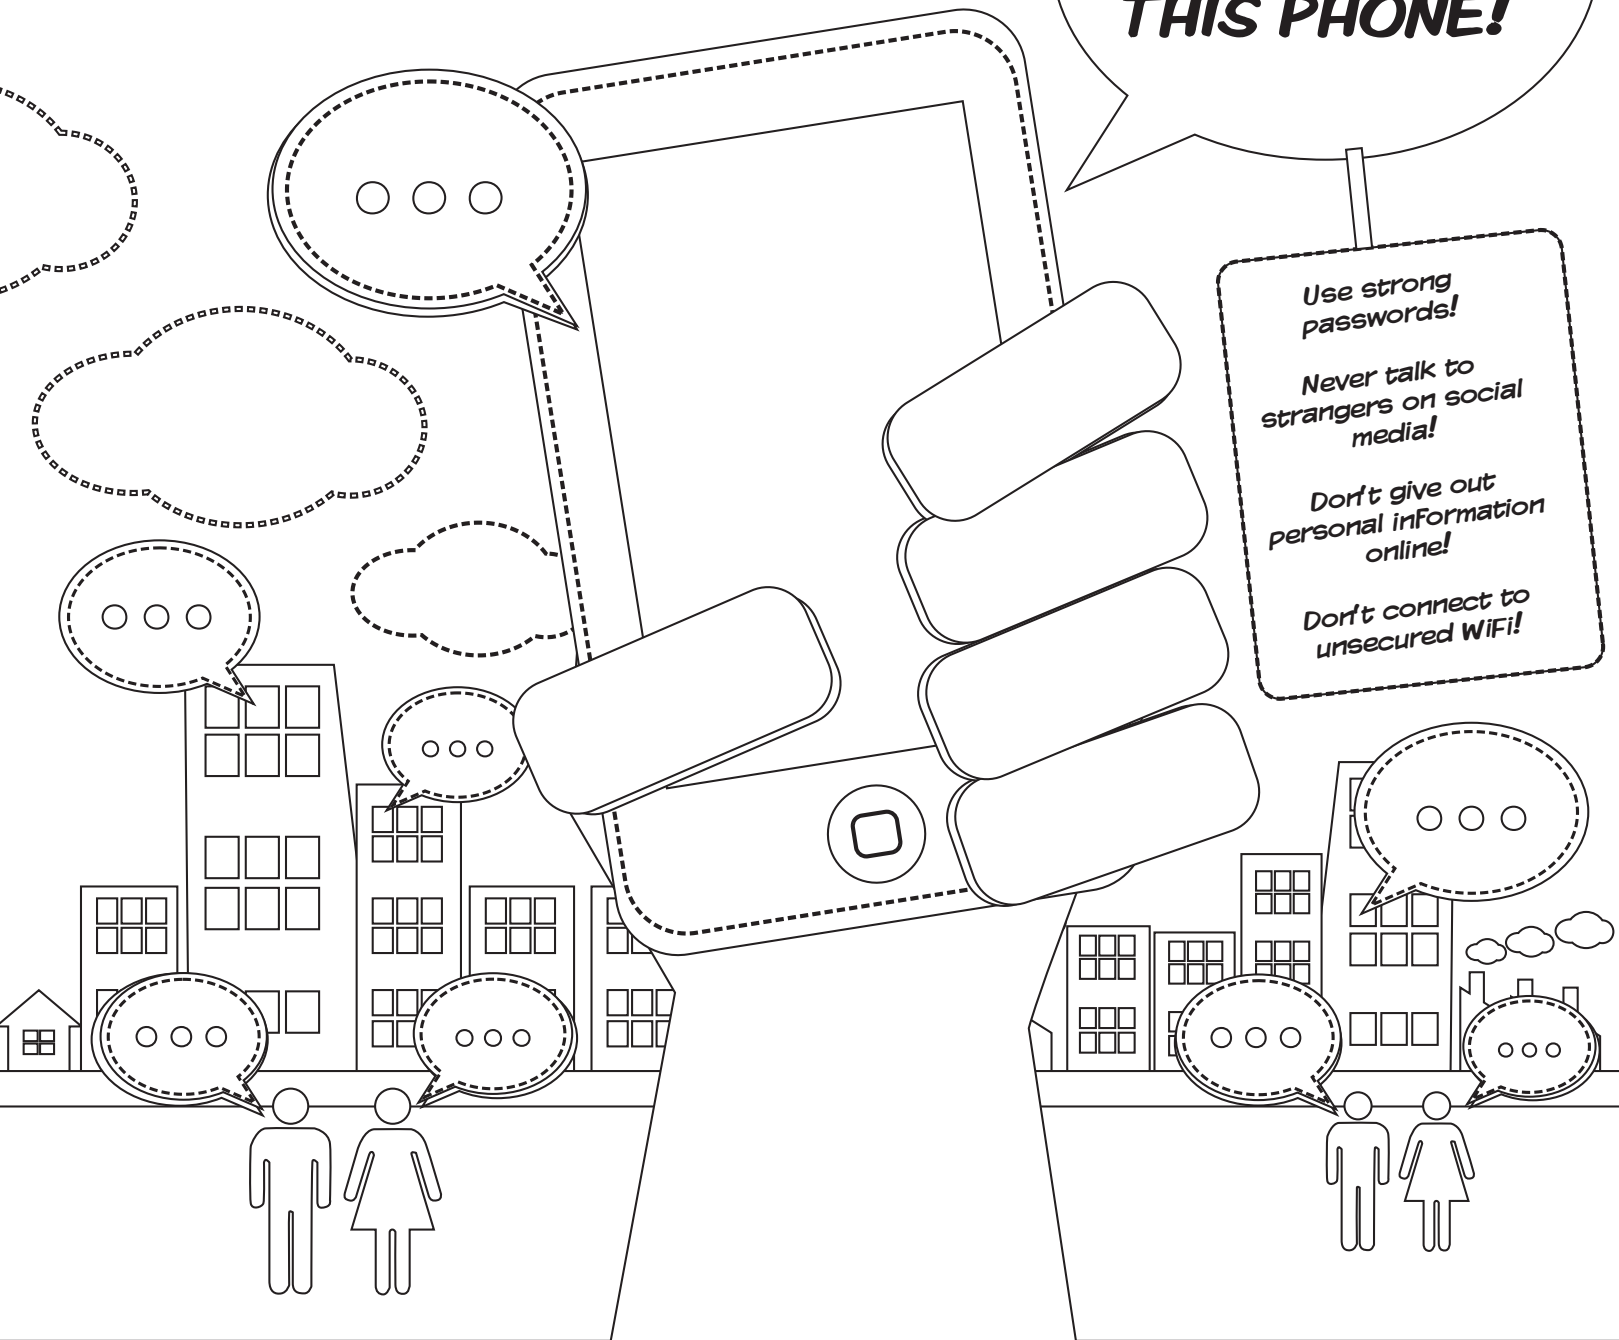

is for
cyber criminal
